Bangun Saribu Jaya

COMPANY PROFILE

About Us

Bangun Saribu Jaya, Ltd. is a National Private Company established in 2001, specializing in **General Contracting for Civil, Mechanical, and Electrical works.** Since its inception, the company has been committed to delivering high-quality, timely, and client-oriented construction services, based in **Jakarta, Indonesia.**

BANGUN SARIBU JAYA, Ltd.

bsj.co.id

Supported by a team of experienced professionals from diverse technical disciplines, **Bangun Saribu Jaya, Ltd.** provides integrated solutions that emphasize **efficiency, safety, and innovation** in every project.

With extensive experience across various sectors, the company continues to grow as a trusted partner for **government institutions, private sectors, and other organizations** in achieving sustainable and high-value development.

BANGUN SARIBU JAYA, Ltd.

MECHANICAL WORKS

- Conveyor System Installation
- Manual and Automatic Trash Screen Systems (Rotary Screen)
- Diesel Engine Systems
- High-Capacity Water Pumps (minimum 100 liters/second)
- Fabrication of Water Gates
- Rewinding Pumps

BANGUN SARIBU JAYA, Ltd.

ELECTRICAL WORKS

- Low and Medium Voltage Electrical Panels
- Power Transformers
- Electric Generators
- Electric Motors
- Electrical Substation Installations (Cubicle Transformer Panels and ATS Panels)
- Preventive Maintenance and Electrical Panel Inspection using Infrared Camera Technology

SCADA

SCADA is an advanced automation and monitoring system used to control and supervise industrial processes in real time. **The system integrates sensors, controllers, and communication networks to collect, analyze, and display operational data, allowing operators to monitor performance, detect issues, and optimize system efficiency remotely.**

At Bangun Saribu Jaya, Ltd we specialize in the design, installation, and implementation of SCADA systems for various infrastructure projects, including water pump stations, mechanical systems, and electrical networks.

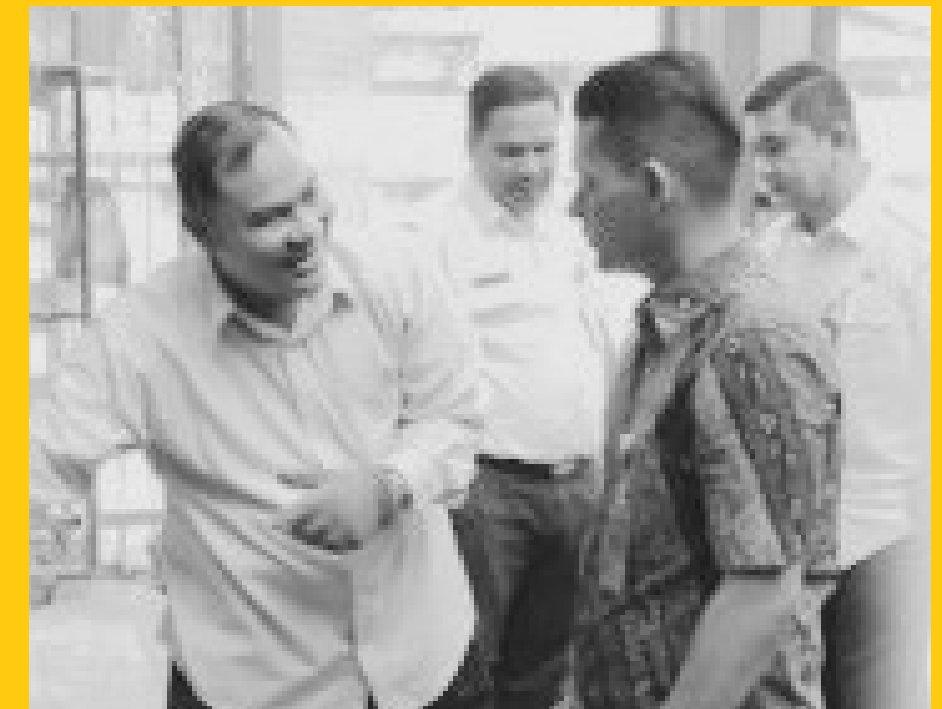

VISION

To deliver the **highest quality of service** in both new installations and maintenance works, ensuring that every system operates efficiently, reliably, and in accordance with the best engineering standards.

MISION

To achieve **customer satisfaction** through **comprehensive analysis and excellence across all stages of installation systems** — from planning and design to equipment condition, maintenance, and operational development — ensuring each system remains **reliable, sustainable, and high-performing** at all times.

Our mission to ensure reliable and high-performing installation systems is realized through the consistent application of our **Core Values** :

CLIENT SATISFACTION FIRST

We begin every project by **deeply understanding our clients' needs**, ensuring that every solution we deliver meets both functional and operational expectations with measurable quality and reliability.

SKILLED AND EXPERIENCED

We provide **comprehensive solutions** for clients from government institutions, state-owned enterprises, private sectors, and local governments, managing projects from the initial planning stage to completion, including post-project operation and maintenance.

PROFESSIONALISM AND CONTINUOUS INNOVATION

Through ongoing **technological adaptation and process improvement**, we continuously refine our methods to provide efficient, reliable, and forward-thinking engineering solutions.

Over the years, Bangun Saribu Jaya, Ltd. has continued to grow and strengthen its reputation through dedication, innovation, and consistent performance. Our commitment to excellence has been recognized as an agent of **Schneider Electric**, through prestigious honors such as the **2023 Schneider OEM Innovation Award and the 2025 Best Collaborative Project**.

AWARDS

In pursuit of continuous improvement and operational excellence, Bangun Saribu Jaya, Ltd. has obtained **several international certifications**, demonstrating our strong commitment to quality, environmental sustainability, and occupational health and safety.

THANK YOU

BANGUN SARIBU JAYA, Ltd.

With a strong foundation built on professionalism, integrity, and innovation, **Bangun Saribu Jaya, Ltd.** remains committed to being a trusted partner in delivering high-quality and sustainable engineering solutions.

As we move forward, **Bangun Saribu Jaya, Ltd.** will continue to build not only structures, but also trust, progress, and positive impact across Indonesia and beyond.
